# Interplanetary Assistance

21.05.2017

Jörn Schmidt

joern.schmidt@freenet.de

**Supported by**

# Principle of Disbelief

**Don't believe in anything,  
Not even on the information you get here,  
Experiment,  
Have your own experiences.**

# Presentation topics

- Vision of our world as an experiment of an **evolutionary laboratory**
- Understanding about **REURBEX + INREURBIN** tasks (extraphysical reurbanisation + integration of reurbanized consciousnesses into intraphysical societies)
- Hypotheses regarding extraterrestrial consciousnesses (**ETs**) working as **interplanetary resomated helpers**

# Planet Earth – an Experiment of evolutionary Laboratory

Welcome to  
Planet Earth, best  
Laboratory in the  
Galaxy!

Don't  
believe,  
experiment!

# How does the Experiment work?

Is it developing successfully?

# How does the Experiment work?

- ✓ Earth formed  $\approx 4,54$  bi. years ago
- ✓ *Homo sapiens*  $\approx 200.000$  years ago
- ◆ Evolutionary process visible
- ◆ Pathological Holothosene
  - Potential for destruction

Evolutionary laboratory

# Globalization / Population

➤ Migration phases in history becoming more frequent

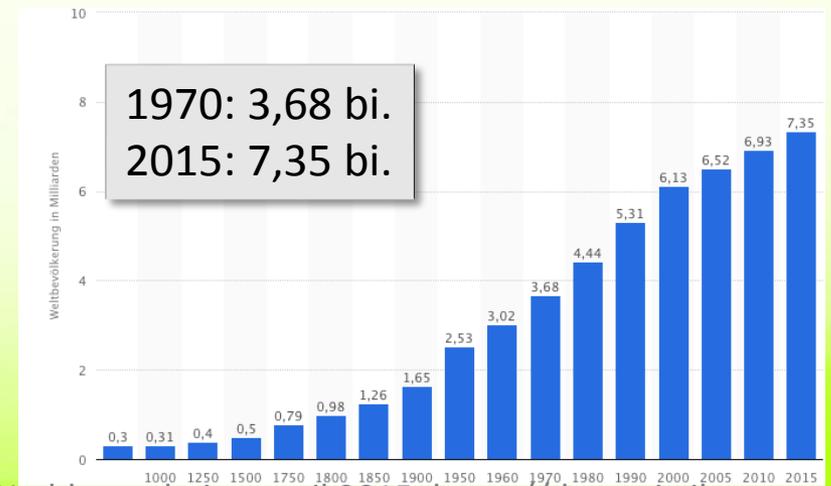

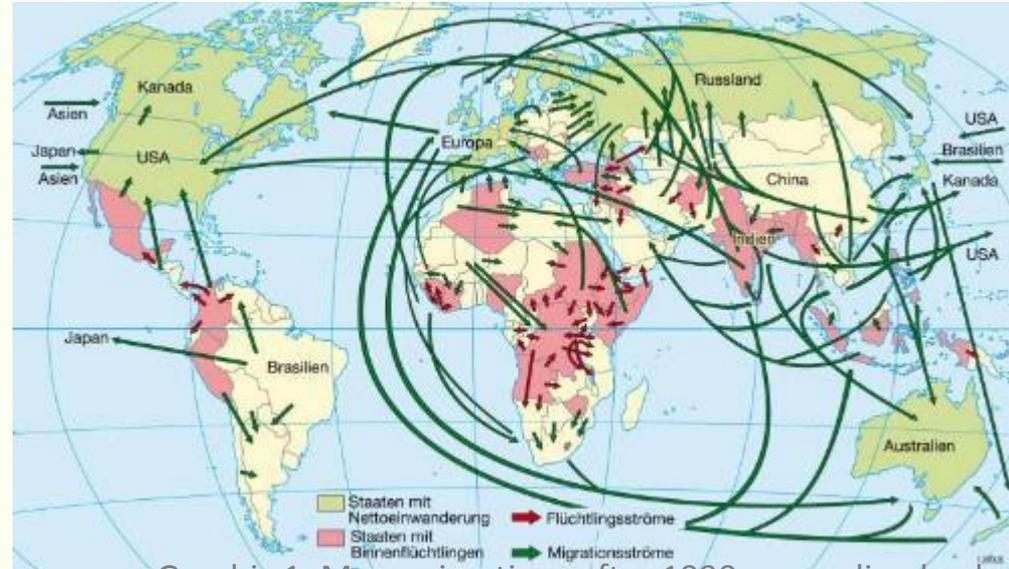

- Mass migrations
- Economic refugees

➤ Globalization affects all

- Communication
- Influence of power

➤ Population is an effect of Reurbex (?)

- % de Consreus ↑

# Reurbex + Effects of Globalization

Today's  
political  
situation?

Consreus ↑↑

HSS ↑↑

Getting worse until 2075 (W.V.)!?

65 HSS resomated (W.V.)!?

Level of intraphysical evolution

# Task of INREURBIN

Integration of reurbanized consciousnesses into intraphysical societies becoming much more complex.

- ✓ Groupkarmic work changed from only **local** situations up to **intercontinental**.

Example: British Empire + India

Interinfluence and confrontation

⇒ Culture + Religion

⇒ Intraphysical societies Division

# Advanced Interplanetary Cooperation on Earth

**Extraterrestrials.** This collective and grandiose assistance work has raised unimaginable proportions, being advised even by teams of extraphysical extraterrestrial consciousnesses, that is:

**alien or advanced technicians** from other planets, **specialized** in the **parapathology** of the psychosoma - of **multifaceted** structures according to the genetic development of each planet – through the intensification of the continual **interplanetary** extraphysical **transmigrations.**

# Contact with Interplanetary Helpers

## Transmigrations to planet earth

### ➤ Intraphysical direct

- ✓ Encounters of the third kind\*

### ➤ Intraphysical with symbols

- ✓ Advanced cultures
- ✓ Crop circles

### ➤ Extraphysical

- ✓ Lucid Projection / Exoprojection
- ✓ Pre-mother
- ✓ Over paravisits to more advanced extraphysical communities (during the Intermittive Course IC)
- ✓ ETs in Interassitential Dynamics

# Contact with Interplanetary Helpers ?!

new magnetic motor  
designed from crops

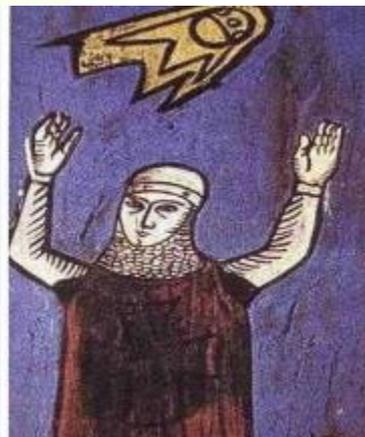

Eight years later in 2008, an Italian inventor Umberto Baudo began to use crop circles as “blueprints” to help design new magnetic motors.

crop circles

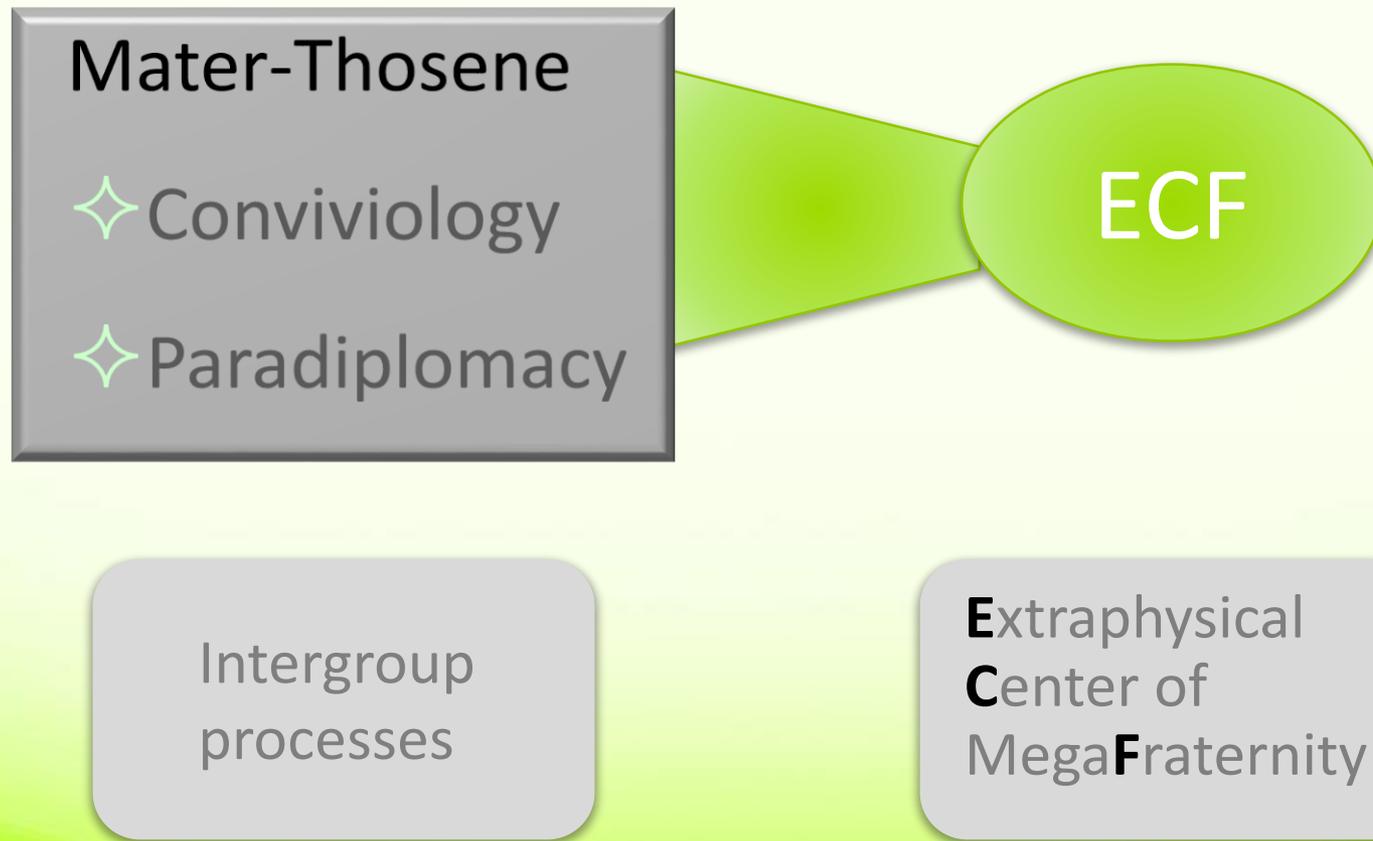

Sigiburg, France 776 AD

August 5, 2001

# Research - Invisible College for Extraterrestriology

# How to encounter Interplanetary Helpers?

? Can it be that the Extraphysical Energetic Center of Megafraternity is an area of connection?

# Phases for Interplanetary Helpers

**Transmigration**

**Adaptation**

**Qualification**

**Assistance**

# Phase of Transmigration

Transmigration as *Homo sapiens* .....

- When is the best time to transmigrate to planet Earth?
  - Best success > depends on evolutionary phases
  - Mesology > cultural openness
- Organisation of team work
  - Transmigration in groups > correlate to specification

# Phase of Adaptation

- Environment > How was it before transmigration?
  - Dimension – Manifestation of Consciousness
- Adaptation to physical body (soma)
  - Pre-Mother (example: EM)
- Adaptation how to use manifestation of consciousness (holosoma)

# Phase of Qualification

Being part of experiment of evolutionary laboratory

- Losing lucidity about the mission, „plan B“ overrides „plan A“
- Problematic Ego vs. Consciousness
  - Manifestations of consciousness by individual ego
- Overcome syndromes like:
  - Foreigner Syndrome
  - Megaweaktrait „Leadership“
  - Integration into evolutionary group ...

# Phase of Assistance
